MAY 6, 2022

1

HONORING OUR SCHOOL LUNCH HEROES

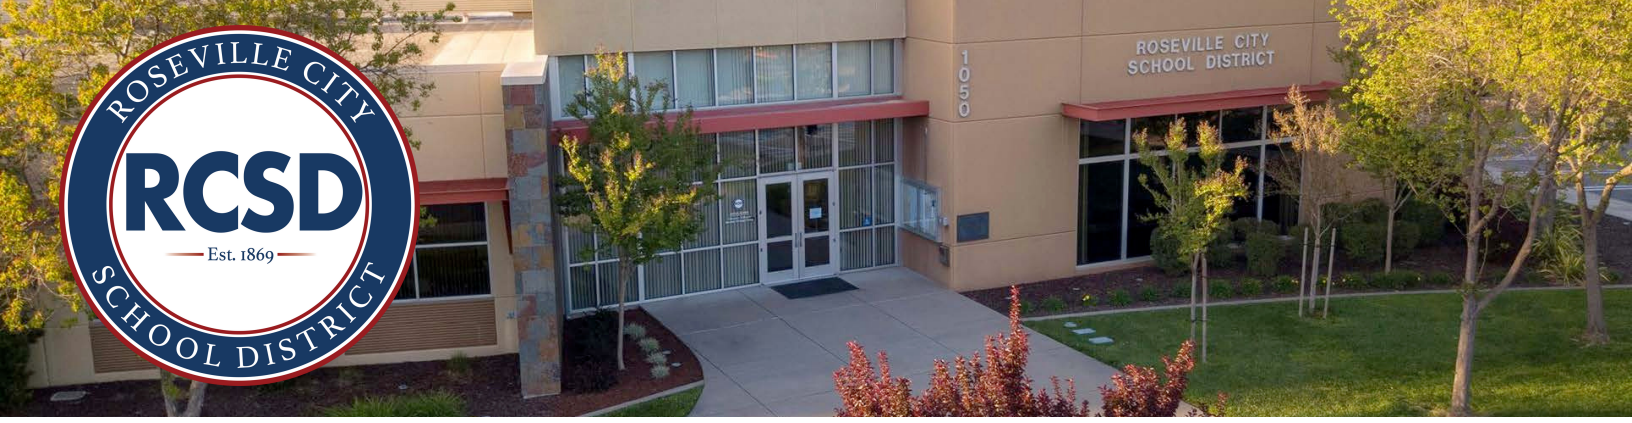

- Today, we honor all of our RCSD School Lunch Heroes as part of National School Lunch Hero Day. These individuals have worked tirelessly over the past two years to ensure all our students were fed at least two meals a day even when our students were distance learning. They continue to work tirelessly providing meals for free to any of our students that want them. We cannot thank them enough for everything they do for RCSD! Make sure to thank your school's Lunch Heroes the next time you see them!

2

COMMUNICATIONS SURVEY

- Be on the lookout for the RCSD 2022 Communication survey from our partner, Kelvin, on Monday, May 9. RCSD always strives to provide you with updated and relevant information regarding your students, our schools, and our district. Please take a few minutes to tell us how we are doing! Thank you in advance for your participation.

3

POETIC TALENT

- Eich Middle School held its annual Poetry Night this week, where over 70 incredibly talented students recited poems and works of art they worked hard to create. The event which is a cornerstone of their International Baccalaureate (IB) program was a collaboration between the ELA, World Language, Music, Art, and Drama department. The student's artistic talents have been captured in [Eich's 2022 Voices Magazine](#).

4
